

# FLOOD

The murky, brown water floods over my  
home,  
My memories wash away with the water,  
The community bonds together,  
My town slowly and quietly goes under  
water,  
I cry and cry hoping for it to come back,  
The rain pours down,  
Hour after hour,  
Day after day,  
No end to,  
The Great Australian Flood
