

LOCK 11

It was a cool warm day. I was really relaxed.

It was a beautiful site.

The chattering birds, the laughing kookaburras,
the sparkling water, the prickly grass and the nice
blue sky just so beautiful.

The ducks going under the water to catch their
food wow how amazing.

I see the river flowing and the waves .

I see the fish swimming in the water wow.

I love going down the river.

I just feel so happy and safe.
