

Lock 11

On Monday 27th Our class went to Lock 11 to help us with our Special Forever writing. We had to write down words in columns. They were called I see, I hear, I feel. I would like to share some of my words with you.

Sparkling water, warming sun on people's faces.

Leaves rustling, animals splashing in the water, birds singing beautifully

Sharp rocks, ripples in the water, cool breeze, pelicans and ducks.

Lock 11 is on the Murray River

I think Lock 11 is great!

I would rate Lock 11 100% cause of all the nature and animals
