

Lock 11

The Middle Unit fro Sacred heart went to to Lock 11.

We had to describe our surroundings.

We made a list of what we saw, what we felt and what we heard.

I saw pelicans swimming in the river,

Trees waving in the wind,

A strange pelican staring at me,

Two beautiful ducks,

Pelicans gracefully skiing and a little bird sitting in n old dead tree

I felt the breeze whirling around me,

the wet grass beneath me and

the warm, hot sun's heat.

I could hear people laughing with joy,

Birds singing beautifully,

A kookaburra screaming with laughter and

birds splashing in the dirty water.

I had a lot of fun at Lock 11.

It was a fantastic excursion!

I hope to come back to Lock 11 soon.
