

LOCK 11

In Mildura on Monday the 27th of August Sacred Heart went to Lock 11.

At Lock 11 I felt grass waving side to side. I heard the birds singing in the trees. The kookaburras were singing all together.

I saw the river shining and sparkling. The boat house was so beautiful. The pelicans were landing in the water. The leaves were falling to the ground.

I felt relaxed watching the water. I felt the sun shining on my face.
