

Lock 11

By Tommy Spillman

**This is about what I could see and hear and feel at Lock 11.
Lock 11 is in Mildura near the Murray River.**

A beautiful place to be is Lock 11 and I'm going to tell you what I saw, heard and felt.

I saw, Australian pelicans, grebes and ducks landing on the smooth water making calm waves. Willow and Gum trees swaying in the wind.

I heard kookaburras laughing, noisy miners calling to each other.

I felt grass swaying in the wind and on my skin.

Lock 11 is an extraordinary place to be. You can go there one day and I guarantee you'll love it.

And that is what I heard, felt and saw.
