

## **Murray River**

**At the Murray River,**

**I love how I can just relax, forget my worries and  
enjoy the summer breeze.**

**When I'm at the Murray River I don't wish to be  
anywhere else.**

**I love the feeling of the peaceful wind blowing  
against my face.**

**If I listen quietly I can hear the sound of bees  
buzzing around vivid flowers, enjoying the fresh  
pollen.**

**The river is an exquisite place to spend time  
with your family and friends, and to admire the  
creative wildlife!**
