

THE MURR

**AY
RIVER**
As I sit and wonder about what I see I
remember how it used to be if it wasn't
dying of waste and chemicals, if I could
see to the bottom as clear as I could and
see all the fish swimming in nooks. Then I
see rubbish floating around and think to
myself how horrible it would be to drown.

If I fell I swear I won't know where to
swim to save myself. Then I need to
express the horrible mess The Murray
River is.

CAN YOU HEAR THE CRY OF THE RIVER?
